Your wedding day is special for so many reasons, and you want to savor it for the rest of your life. Set your wedding at surprisingly different Alila Diwa Goa and enjoy the celebrations as they unfurl in exactly the way you had envisioned them.

Your wedding day is more than just a day – so much more. At the resort we make every moment magical...from a fairy-tale ambience, delectable cuisine and every last detail taken care of by meticulous, sensitive, personalised support that ensures your whole celebration unfolds smoothly.

## Your wedding day, just as you imagined...

Your wedding is a celebration of your uniqueness, and that of your partner's. We understand that your dream wedding has to be an expression of your personality and offer a variety of choices to help you customize your wedding celebrations to your taste.

India is famed for its diversity and every corner of the nation has its own traditions, its own way of honouring a union. We respect and appreciate this, and can assist you in putting together a wedding that adheres to your traditions and respects your cultural and cuisine choices.

For a celebration you can sit back and enjoy ...

We ease your worry of wedding planning with our specially conceived wedding packages. Alternately, you can also custom design your own occasion and menu...

Our packages also include flowers and floral decorations, honeymoon room set-up, romantic dinner for two, a steamy jasmine wedding bath for the bride and groom and a Champagne breakfast for the morning after.

A wedding set in paradise...

Situated amidst lush paddy fields & framed by hundreds of coconut palms, the resort blends contemporary luxury with the magic of Goa's cultural richness. Every structure, every vista at the resort is a thing of beauty and made to give pleasure to the beholder.

From wedding ceremonies and cocktail parties to a sangeet and mehendi occasion, Alila Diwa Goa can accommodate your need for a versatile and 'surprisingly different' venue. Our sumptuously decorated and opulent ballroom will make a grand setting for the wedding you've always dreamed of. You can also choose to extend your event out to the beautiful sea-breeze kissed, elegantly landscaped lawns or to the scenic courtyard.

### Your private sanctuary...

In between ceremonies you and your guests can retire to your suites and rooms that have been designed for laid-back indulgence – havens of space and serenity with blissful bath experiences, luxury bed linens and large private terraces and balconies to capture the ocean breeze and take in the magnificent views. Each is designed for modern living, featuring hi-tech amenities and furnished in ultra-stylish simplicity with accents of Goa's cultural richness.

### A feast for your senses...

Our experienced master chefs can whip up a selection of delectable dishes representing Indian as well as International cuisines. For a taste of the exotic, you can choose to serve your guests from our Pan-Asian or Mediterranean menu offering. Or, you can treat your guests to the piquant flavors of India by selecting South Indian, or North West Frontier cuisine. All the dishes from our Maharaj plethora of Marwari, Jain and Gujarati cuisines are specially prepared in a 100% vegetarian kitchen.

### Little touches that delight...

Your wedding day should be as memorable to your guests as it is to you. To commemorate the occasion, we offer personalized articles with sensitive touches that will be designed especially for your occasion. Some of the personalized articles we offer:
